Agreed mitigations/actions

In addition to the personal declarations listed above the BBC also collects any relevant information about sensitive personal data (as defined by the Data Protection Act) and declarations relating to relevant third parties (family or close personal relations of the individual). The BBC does not publish this data as to do so would be in breach of the Data Protection Act. It does however ensure that any potential conflicts that such declarations suggest are discussed by the individual and their line manager and if needed removed or ensures that mitigations are put in place to ensure that no conflict occurs. The BBC also records any such mitigations/actions but it does not publish this information as to do so would again be in breach of the Data Protection Act.
