

**Kate Hoey MP – email response**

I oppose the removal of the free licence for Over 75's. I know hundreds of people in my constituency who literally would NOT be able to afford a licence fee. Most of the elderly rely on television-some have no visitors or friends and you can well afford to continue this by cutting back on some of the huge salaries you pay. Also your web site is far removed from public service broadcasting. If you remove the free licence it will be the first step for a huge campaign to stop the licence fee altogether which I will support.
