"CBBC TRACY BEAKER STORYTELLER – THE CHOICES YOU MAKE WILL DETERMINE YOUR CHARACTER'S DESTINY"

The CBBC Tracy Beaker Storyteller will allow you to create amazing stories about your favourite Tracy Beaker characters! Why not have a go at making it and playing with friends and family. See if the Storyteller can make you the next top author!

How to make:

1. Cut along the borders of the square and flip the 4 characters (LIAM, TRACY, TEE, TOBY) face down
2. Fold in half diagonally both ways to get central point. Then open up again.
3. Fold in 4 corners to the centre. You should see the 4 characters form a square. Then within a square you'll see story beginnings and numbers 1-8 round the outside.
4. Turn it over so storylines are now face up.
5. Fold corners in again. You should just see each numbered areas (1-8).
6. Fold square in half horizontally to create a rectangle.
7. Place rectangle with character names facing you.
8. Now slip thumb and index finger under flaps and do the same on other side.
9. Push upwards to form a pyramid.
10. NOW you're ready to play and start creating your very own adventures for the Dumping Ground characters!

How to Play:

1. You can play in pairs or in groups. One person to control the storyteller and one person to make the choices
2. Have your partner/one person from group to pick one character: TRACY, TOBY, LIAM or TEE.
3. Spell out the character as you move the storyteller back and forth (i.e. LIAM – four letters, move 4 times)
4. Next, get your partner/one person from group to pick an action from the choice of 4 (i.e. Went to France). Note this down, it is the start of your character's story.

"CBBC TRACY BEAKER STORYTELLER – THE CHOICES YOU MAKE WILL DETERMINE YOUR CHARACTER'S DESTINY"

The CBBC Tracy Beaker Storyteller will allow you to create amazing stories about your favourite Tracy Beaker characters! Why not have a go at making it and playing with friends and family. See if the Storyteller can make you the next top author!

5. The number above your first action is the number of moves you need to make next. Again, move the storyteller back and forth according to the number, and choose your second action from the choice of 4.
6. Note down this second action line under your first. You now have a character and two action lines - your story is starting to take shape!
7. Lift up the flap of your second chosen action line. Underneath it you will find a written scenario (i.e. Pulled a funny face), this is your third line of the story - write it down with the others.
8. Then you will see another part to the story, in yellow, directly below this. This is your ending to the story. Again write it down.
9. Congratulations!! You've just made a brand new exciting adventure for your Dumping Ground character. Now all you have to do is get creative and work out how all the story parts fit together. Do you think you can make up a story with these lines?
10. And the best thing is that you can now make up loads of stories with your friends and family each time you use the Tracy Beaker Storyteller.
