

Primary History

Worksheet: The Ancient Greeks - A trip to Olympia

Explore 'The Olympic Games' section of the Primary History website to do your research for these activities.

Imagine you are off to the Olympic Games. Write a travel diary of your experiences.

You'll need to think about the following:

The journey from your home to Olympia. How did you get there and how long did it take?

Are you going to the Games as a spectator?

What events are you looking forward to seeing most?

Perhaps you're one of the athletes. Which event are you going to compete in?

Perhaps you're going to work there, as a judge or selling food to crowds. Where did you stay in Olympia, and what did you see each day?

Use information from the Primary History site and imagine how you would **tell people back at home everything that had happened to you** since you set out on your trip.
