Badge of Honour!

We can’t make you the Marshal of Mercy – that position is already taken – but you can be one of the Doctor’s deputies with these great badges!

The Badge: Instructions

- Remember to ask a parent or guardian for permission when using scissors.
- Print off the badge and use scissors to cut around the badge, following the dotted lines as closely as possible. Get an adult to help you if you are finding this difficult. There are two sizes to choose from.
- Use double sided sticky tape to attach the badge to your clothing.
