

# Waltz of the Flowers - Tchaikovsky

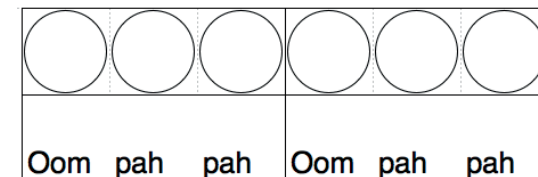

1. Use Figurenotes colours to colour in your flower
2. Find those notes on your instrument
3. Move them around until you find a tune you like.  
Remember you can use different rhythms.
4. Write your tune down
5. Play your tune

You could try using the colours below:

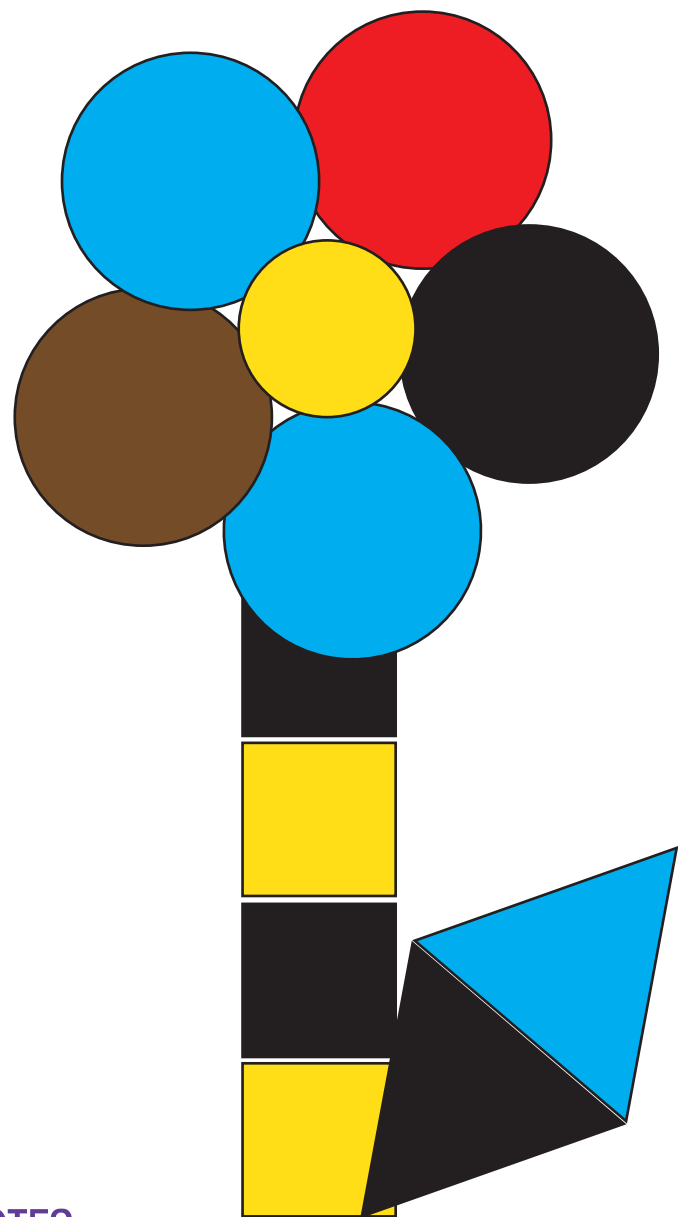

A waltz is a dance with 3 beats in a bar.

It sounds like this:

You can use different note lengths to fit within the bars.

An example flower waltz:
