## Our view - Girls Talk

Last updated: 06 July 2006

And now for the girls. Take it away, Kayleigh, Sarah, Diana, Kerstan and Esyllt.

### If you had a million pounds to change things where you live, what would you do?

**Kerstan:** I think they should put a better park in for the kids and have somewhere for the young people to go in Moelfre. I'd like a better youth club and an internet café. We used to have a youth club but it was closed down because no one went there - but that was because there wasn't much to do.

**Kayleigh:** I'd like somewhere to go too. We're not really allowed to go out in the evenings because apparently we cause too much trouble - or the community say we do. The older lot might cause trouble but we don't, they just think we do. They could improve this by providing a youth club or somewhere else for us to go.

### Give your school marks out of ten.

**Kayleigh:** I wouldn't give my school anything. I've had seven months off because of bullying, which is a real problem in our school. The teachers tried to help sort it out but they couldn't. I'd like them to get the bullies out of the school, but they don't, so we have to leave instead.

**Kerstan:** 5/10. Some of the teachers are OK, but not all of them.

**Diana:** 5/10 too.

### So what would you change about your school?

**Kerstan:** I'd like better food in the canteen - less salad and veg!

**Kayleigh:** Yes, when we get back, it'll only be chips twice a week -not a good idea because I don't eat veg. I don't want rabbit food all the time.

I'd also like more dance lessons.

**Kerstan:** I'd like more acting lessons - drama involves a lot of writing, I'd like to do more acting.

I'd also like to do more practical experiments in science. We're not allowed because some of the naughty kids have disrupted them, so the teacher does everything. A few in the class have spoilt it for everyone.

We don't learn much in cooking either. I'd like to learn to cook spaghetti Bolognese or lasagne or something, but we make biscuits - it won't help you after school.

**Kayleigh:** We made a fruit salad - chopped fruit up and put it in a bowl - that's really cooking isn't it!

**If you had use of Doctor Who's TARDIS, where would you go?**

**Kerstan:** I'd go into the future to open my catering business because I want to be a chef.

**Diana:** I'd go five years into the future to see what I'll be doing, because I'm not sure right now. If I don't like it, then I can change it!

**Kayleigh:** I'd like to go a year into the future so I will have left school.

**What would you like to do in the future?**

**Esyllt:** I'd like to work with animals, especially dogs.

**Kerstan:** I want to open a restaurant, selling healthy food, maybe a few of takeaways.

**Diana:** We've been learning a lot with Paris Training, like health and safety and enterprise. I'd like to open my own clothes shop.

**Sarah:** I want to work with animals too, especially horses. I go riding in Carreglavan a lot.

**Kayleigh:** I want to open my own business or work on the ferries, doing health and beauty.

**Is there anything that really worries you about the world?**

**Kayleigh:** All the abuse. I don't think they're doing enough to stop it - there aren't enough police officers on Anglesey to help stop it, maybe because it's not a big city. I'd like to see people who are being abused getting more help.

## Our view - Boys Talk

Last updated: 07 July 2006

Ten students from Amlwch's Hyfforddiant Parys Training scheme give their views on life - from school, home to the universe and beyond. Take it away Chris, Matt, Chris M, Gary and Adam.

### If you had a million pounds to change things where you live, what would you do?

**Adam:** I'd like a biking track in Amlwch, one with jumps on it. I haven't got a motorbike yet but I'd like one.

**Gary:** I'd like a good youth club in Moelfre, with maybe a gym. We haven't got anything at the moment, just a mate's garage where everyone goes to work out. It would be great to have somewhere decent with maybe computers, weights and a big hall.

**Chris M:** I'd like a five aside court in Benllech, and somewhere to shelter because we haven't got anywhere to go. We just hang about, then the police come and tell us to move on.

### Give your school marks out of ten.

**Gary:** 2/10 because it's like a jail. You're not allowed out. In David Hughes school they're allowed to go out break time but we'll get busted if we do. There are cameras everywhere - if you even have a play fight they see and drag you in.

**Chris M:** 3/10. The gym isn't great. It's starting to get damp on the roof because of all the sweat so they need to knock it down and build a new one. The toilets are a bit scrubby too and it looks like a jail from the outside, with the walkways going round and round.

### So what would you change about your school?

**Matt:** I'd like no school, or at least more practical lessons.

**Chris M:** They should forget all schools, just build colleges so you can choose what to do. I'd like to do building, joinery, gym and IT.

**Matt:** I'd like gym and mechanics.

**Adam:** I'd like car mechanics too.

**Chris:** And woodwork.

**Gary:** Yes, and roofing, plumbing and electrics.

### What are you doing with Parys Training?

**Chris:** We're looking at different job opportunities. I've learnt you don't need GCSEs to get a job, but they help. And a good attitude will help too.

**Gary:** Parys Training is more chilled, there are no teachers to stress you out. You can get up to make a cup of tea whenever you want.

**What would you like to do in the future?**

**Gary:** I'd like to be a fisherman. I help out on a commercial fishing boat on the weekends. We net lobsters and spurdogs - they're really popular to eat in France I think.

**Chris M:** I'd like to be a builder.

**Matt:** I want to be a mechanic.

**Chris:** I want to be a car mechanic too.

**If you had use of Doctor Who's TARDIS, where would you go?**

**Chris M:** I'd go to the year 3000 to see if there's anything left of the world - see if global warming is true.

I'd also like to know what the cars are like - maybe they'll have flying cars in the future!

**Gary:** Yes, people say now 'yeah, and there's a flying pig', but in the future there really will be one!

I've heard about the past, so I'd like to see the future - I don't want to go back to school and get the cane!

**Chris M:** Yeah, everyone's there wearing the shorts and little hats!

**Is there anything that really worries you about the world?**

**Gary:** Iraq. We could have another world war soon.

**Adam:** I'd like them to get rid of Wylfa, the power station, in case it blows up or something.

**But what have the girls got to say?**
