Lessons for life

What lessons for life can you give?

Here's what people in London said:

"Live life as you mean to go on and live every day as if it's your last one, tomorrow not always comes."

"Yeah, live life as best you can and enjoy yourself."

"Treat everyone as you'd like to be treated yourself."

"Never take things too seriously; it's just the only thing I've ever learnt otherwise you just go downhill all the way for the rest of your life."

"Do it now, 'cos you never know when you'll have another chance."
