

Listen to the directions and find which building on the map is the Post Office. You can find a transcript and the answer on the next page.

Transcript:

A: Hello, excuse me, can you tell me how to get to the nearest Post Office?

B: Erm, yea, sure – you go straight up this street. Take the second turn on the right. Keep going along there, across one junction, and it's right there on your left.

A: Thanks

B: Oh, no, hang on, wait a minute, there's a closer one. Walk up this street, take the first left and there's a Post Office on your right at the next junction, sorry, I forgot about that one.

A: Thanks again

Answer:

There are two Post Offices. One is building F but the nearest is building N.
