22.6.48.     WEST INDIANS FOR ONE P.M.     KB/GMR.

12 Noon     The ship bringing nearly five hundred Jamaicans to Britain to look for work docked at Tilbury this morning. Because of the strike the men had to do their own unloading. About fifty of them have volunteered for the services and between thirty and forty for the mines. Those who are without jobs (more than 230) will be housed for the time being in the deep shelter at Clapham Common.

P.A.     END.     6 Lines.
