22.6.48.  WEST INDIANS FOR NINE AND TEN P.M.  KB/GMR

The ship bringing nearly five hundred Jamaicans to Britain
to look for work docked at Tilbury this morning. Because of the
strike the men had to do their own unloading. Those who are
without jobs (more than 239) will be housed for the time being in
the deep shelter at Clapham Common. During the voyage 18 stowaways
were discovered: ten of them were this afternoon fined £1 or seven
days imprisonment for travelling without paying their fares and
were sentenced to ten days imprisonment for being stowaways.
